10 to 11 May 2018
Hefei, China

FINAL ANNOUNCEMENT

PRESENTATION SCHEDULE

Each presentation is allocated **20 minutes (including time for discussion)**. We recommend that you take about 15 minutes for your presentation and leave around 5 minutes for questions and answers. English will be the official language for the entire event. Please refer to the attached **Appendix** for details.

Please arrive at the venue 15 minutes before the presentation session begins and report to the session chair. Students are advised to stay for the entire session, during which all presentations are within the same research area, so as to meet the objective of the Workshop to meet and discuss research findings and the latest advancements in their own discipline. Attendance will be recorded and be reported to the research supervisor if necessary.

CERTIFICATE FOR OUTSTANDING PRESENTATION

The Workshop attaches great importance to the quality of the presentations. To encourage and recognize academic presentations of high quality, a “Certificate for Outstanding Presentation” will be given. Session chairs will give a rating to each presentation based on the quality of the presentation.

In assessing the performance of students, a 5-level ranking system (*Outstanding, Very Good, Good, Satisfactory and Poor*) as recommended by the Session Chair and Guest Professors, will be adopted. Students whose presentations are rated “Outstanding” will receive a certificate in recognition of their excellent performance.

On the other hand, feedbacks on students’ performance requiring much improvement will also be reflected to the research supervisors. Cases of “No Show” or absence without valid reason will be reported to the supervisors concerned for further action too.
